

**CLEAN AS YOU GO POLICY - PLATT & REILLY UK LIMITED**

Platt & Reilly UK Ltd. employees operate on a clean-as-you-go basis. Each task will be assessed and resources for waste removal will be present before work commences. Access routes will be respected and maintained with exclusion zones set up and maintained by Platt & Reilly as necessary.

Platt & Reilly UK Ltd. will seek to minimise the creation of waste by avoiding unnecessary wastage of materials and recycling materials that cannot be directly reused as far as reasonably practicable.

All employees are required to comply with this policy by minimising waste creation and co-operating actively with recycling programmes.

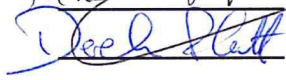

Where waste is created, it shall be safely placed in appropriate storage receptacles, care being taken not to overload the storage.

Provisions will be made by Platt & Reilly in accordance with the Safety Plan on site and Platt & Reilly Ltd Waste Management Policy.

All waste generated on site will be disposed of by waste skips, provided by Platt & Reilly UK Ltd or if agreed through contract, the principal contractor.

Waste collection points shall be kept in a clean, accessible condition.

Housekeeping is to be maintained daily to an acceptable standard.
